

## Aura Roof Vent Model Number: AV-16-C12

- Removes hot air in the summer and moisture from the attic or plenum in the winter to provide optimal ventilation for low slope and flat roofs
  - Exhausts air like a roof turbine but with no moving parts
  - Engineered to prevent rain, snow, insects and animals from entering
  - Can be fitted with a tail pipe adapter for duct venting
  - Collar height can be used in [climate zones 1-8](#)
  - Exhaust Gravity Ventilators are compatible with membrane roofs
  - Constructed of durable rust-free aluminum
  - UL Certified, Florida State & California Fire Code approved; Tested to withstand wind speeds of 200 mph
