2 Way - Breather Vent

Designed to Exhaust Moisture and Hot Air from Commercial Flat Roof Roofs

- Helps to exhaust moisture and hot air from membrane roofs such as TPO, EPDM, & PVC roofs
- Assists in equalizing exterior and interior air pressure, this helps to prevent blisters in roof membranes
- A no maintenance gravity intake & exhaust vent
- Designed to prevent rain, snow, & insects from entering
- Head is removable for access to the inside
- Constructed of durable rust-free aluminum
- Can be powder coated to your specifications
(refer to Paint Color Chart)
- 5 Year Warranty
