

Aura Gravity Roof Ventilator

Model Number: AV-24-C2 | 24" Diameter 2" Tall Collar

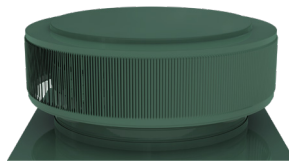

- Commercial Gravity Ventilator removes hot air in the summer and moisture from the attic in the winter to provide ventilation for steep slope roofs
- Exhausts air like a roof turbine but with no moving parts
- Engineered to prevent rain, snow, insects and animals from entering
- Can be used to ventilate entire houses or similar structures
- If installed 1-2 feet from peak it can be installed 4:12 pitch or greater
- Constructed of durable rust-free aluminum
- UL Certified, Florida State & California Fire Code approved, Texas Department of Insurance; Tested to withstand wind speeds of 200+ mph
